### Unique Counterstamped Half Dobrao

347 **Maria I** 1783-1799—Half Dobra or 3200 Reis. Head right, Rx. Arms. This coin was widely used in the West Indies. The following are the various stamps starting from the bottom of the bust truncation obliterating the last two figures of the date MH joined incused with curtain like box. (2) "B" in radiated incuse,/ (3) "G. 1." rectangular box. (4) "L" in circle incuse, (5) "G. H." with period over "H." in rectangular box on neck. (6) Another is an ornate "GH" in script form in a radiated circle, (7) in 4 dots in clover form on hair. From all deductions and references used find that two of the counterstamps could be identified for the Island of Grenada, the other in Barbadres, or Berbice, the others are possibly the marks of the merchants in these islands excepting this coin for its weight, as it was a practice at that time to weight all gold coins to see if the weight will be as heavy as the half doubloon. Very fine and unique.
